

PRESS RELEASE

New action by Consob against websites that improperly exploited the image and references to Prime Minister Giorgia Meloni and Minister of Economy Giancarlo Giorgetti to illegally offer and advertise investment services and activities

A total of 14 websites blacked-out

New intervention by Consob to black-out “clone sites” spreading counterfeit videos, apparently referring to Prime Minister Giorgia Meloni and Minister of Economy Giancarlo Giorgetti.

The blocking (resolutions no. [23738](#) and no. [23739](#) of 5 November 2025) referred to the website <https://avenixio-invest.com> (in addition to the websites <https://avenixio.com>, <https://avenixio.org>, <https://avenixio.it>, <https://avenixio.vip>), which ‘cloned’ the image of Prime Minister Meloni, and the website <https://tegsub.com>, which replicated that of Minister Giorgetti to promote the ‘Avenixio’ online trading platforms.

In particular, by means of a *modus operandi* already disclosed in recent months (with the relevant measures adopted in [May](#) and [October](#) 2025), the ‘clone’ of the Minister publicized investment services provided through abusive *trading* platforms through fake interviews apparently given to leading television programs.

Consob's intervention - to protect investors and institutional figures who were unduly involved, despite being completely unrelated to the matter - was carried out by exercising the powers deriving from the “Growth Decree” (converted by Law No. 58 of 28 June, 2019) and the “Capital Law” (No. 21 of 5 March, 2024).

At the same time, Consob also blacked-out **8** other *websites* for illegal financial intermediation activities.

Below are the websites that Consob has ordered to be blacked-out:

- **“D2XMarkets”** (website <https://d2xmarkets.com> and related pages <https://clientzone.d2xmarkets.com> and <https://wt.d2xmarkets.com>);
- **“Easy MarketsEU Limited”** (website <https://easymarketscfd.org> and related pages <https://panel.mxd23.com>, <https://trading.mxd23.com>);
- **VT Markets Limited** (website www.vtmarkets-it.net and related page <https://myaccount.vtmarkets-it.net>);
- **FPM Trading** (website <https://fpmtrading.com> and related page <https://portal.fpmtrading.com>);
- **“ITALGO.AI”** (website <https://italgo.ai> and related page <https://app.italgo.ai>);

- **“Comgestfx”** (website <https://comgestfx.com.com> and related page <https://my.plat4mxm.com>);
- **“Progestrade”** (website <https://progestrade.com> and related page <https://client.progestrade.com>);
- **“Renaitech AI”** (website <https://premiumrenaitech-ai.vip> and related page <https://app.premiumrenaitech-ai.vip>).

The number of websites blacked-out since July 2019, when Consob got the power to order that the websites of fraudulent financial intermediaries be blacked out, has thus risen to **1478**.

The measures adopted by Consob can be consulted on the website www.consob.it.

The black-out of these websites by *Internet* service providers operating on Italian territory is ongoing. For technical reasons, it can take several days for the blackout to come into effect.

Consob draws investors' attention to the importance of adopting the greatest diligence in order to make informed investment choices, adopting common sense behaviours, essential to safeguard their savings: these include, for websites that offer financial services, checking in advance that the operator with whom they are investing is authorized, and, for offers of financial products and crypto assets, whether the prospectus or *white paper* has been published.

To this end, Consob would remind you that on the website www.consob.it there is a section on the *homepage*, "[Watch for Scams!](#)", providing useful information to warn investors against financially unauthorized initiatives.
