

## PRESS RELEASE

### **Financial Watch for scams! Consob blocked 5 websites providing illegal financial services**

Consob has ordered the blackout of **5** new *websites* promoting or providing financial services illegally.

These are the first measures adopted by the Authority in 2026 as part of its efforts to combat online financial fraud.

The Authority availed itself of the powers deriving from the "*Decreto crescita*" ("Growth Decree"; Law no. 58 of 28 June 2019, Article no. 36, paragraph 2-terdecies), on the basis of which Consob can order *Internet* service providers to block access from Italy to *websites* offering financial services without the proper authorization.

Below are the *websites* Consob has ordered to be blacked out:

- **"Ccbiglobal"** (website <https://ccbiglobal.com> and related pages <https://clientzone.ccbiglobal.com> and <https://wt.ccbiglobal.com>);
- **"Torotrades24"** (website <https://torotrades24.com> and related pages <https://clients.torotrades24.com> and <https://trading.torotrades24.com>);
- **"Partners-Swiss"** (website <https://partners-swiss.com> and related pages <https://clientarea.partners-swiss.co> and <https://web-trader.partners-swiss.co>);
- **Wallwood Capital Management Limited ("Privanet Securities")** (website <https://privanetsecurities.com> and related page <https://client.privanetsecurities.com>);
- **"AurosAi"** (website <https://myauros-ai.com> and related page <https://account.myauros-ai.com>).

The number of websites blacked out since July 2019, when Consob got the power to order that the websites of fraudulent financial intermediaries be blacked out, has thus risen to **1527**.

The measures adopted by Consob can be consulted on the website [www.consob.it](http://www.consob.it).

The black-out of these websites by *Internet* service providers operating on Italian territory is ongoing. For technical reasons, it can take several days for the blackout to come into effect.

Consob draws investors' attention to the importance of adopting the greatest diligence to make informed investment choices, adopting common sense behaviors, essential to safeguard their savings: These include prior verification, for websites offering financial services and crypto-assets, that the operator through which the investment is made is authorized and, for financial and crypto-asset product offerings, that the prospectus or *white paper* has been published.

To this end, Consob would remind you that on the website [www.consob.it](http://www.consob.it) there is a section on the *homepage*, "[Watch for Scams!](#)", providing useful information to warn investors against financially unauthorized initiatives.
